

NOTICE AND AGREEMENT FOR CHILD, SPOUSAL, AND MEDICAL SUPPORT

FORM CW 2.1 NA — REQUIRED INTENDED USE: FOR EACH ABSENT PARENT

SECTION 1: CHILD SUPPORT COOPERATION REQUIREMENTS & NOTICES

Cooperation Requirements: Unless you are granted a Good Cause exemption, California law requires you to cooperate with the county Department of Public Social Services (DPSS) and the Child Support Services Department (CSSD) as a condition of receiving CalWORKs. Cooperation includes: identifying and locating each absent parent, establishing paternity, securing a support order, identifying any responsible third-party medical coverage, and forwarding any child/spousal support payments received directly from the absent parent to CSSD.

Sanctions for Refusal to Assign Rights: Unless exempt, you must assign (trade) your rights to child, spousal, and medical support in exchange for receiving CalWORKs cash aid. The county will keep collected support up to the amount of aid paid to reimburse public assistance. If you fail or refuse to complete, sign, and return this Notice and Agreement (Form CW 2.1 NA), or verbally/in writing refuse to assign support rights, you will be **sanctioned from the Assistance Unit (AU)**. This means you will be excluded from the cash aid grant, and aid payments for your children will be issued via **protective payments** to an authorized representative.

The 25% Grant Penalty: If you fail to comply and cooperate with CSSD during the child support enforcement process (such as failing to attend a scheduled CSSD interview or failing to submit to genetic testing), the county will apply a **25 percent cash grant penalty**, reducing your family's CalWORKs grant. This penalty cannot be applied unless the county has first contacted you to inform you of your right to claim a Good Cause exemption.

SECTION 2: YOUR RIGHT TO CLAIM GOOD CAUSE

If you believe that cooperating with child support enforcement would be harmful to you or your child, you have the right to claim **Good Cause for Non-Cooperation** at any time. Good Cause exemptions are granted if: (1) cooperation is reasonably anticipated to result in serious physical, sexual, or emotional harm to you or your children; (2) the child was conceived due to incest or rape; (3) legal adoption proceedings are pending before a court; or (4) you are receiving licensed counseling regarding whether to keep or relinquish the child. To claim Good Cause, request **Form CW 51** from your eligibility worker. DPSS will presume a Good Cause claim is appropriate if you are a survivor of domestic abuse, and will accept a signed personal affidavit (Form GEN 853) as sufficient verification if other formal records are unavailable. CSSD ceases all collection activities once a Good Cause claim is formally filed.

CALWORKS IMPORTANT INFORMATION FOR SAFETY NET AND CERTAIN CHILD-ONLY CASES

FORM CW 2215 (10/20) — MANDATORY NOTIFICATION FOR K1 AND 3F AID CODES

SECTION 1: ASSIGNMENT OF SAFETY NET (K1/3F) AID CODES

The county Department of Public Social Services (DPSS) has assigned your case the **K1 aid code** (for single-parent households) or the **3F aid code** (for two-parent households) because your household meets one of the following safety net or child-only categories:

- **Time-Limit Safety Net Cases:** All adults in your Assistance Unit (AU) have reached their CalWORKs 60-month lifetime limit on cash assistance and have been discontinued and removed from the aid grant.
- **Long-Term GAIN Sanctioned Cases:** Your household includes a parent or caretaker who has been sanctioned from receiving cash assistance due to failing or refusing to comply with Welfare-to-Work (GAIN) requirements for 12 consecutive months or longer, without a break-in-aid of one month or more.
- **Fleeing Felon Cases:** The parent or caretaker relative is ineligible due to their fleeing felon status.

SECTION 2: COMPLETE EXEMPTIONS FROM CHILD SUPPORT COOPERATION REQUIREMENTS

Because your family is aided under the **K1 or 3F safety net aid codes**, you are **completely exempt** from standard CalWORKs child support cooperation policies. Under state regulations, safety net families:

- Are **exempt from assigning child/spousal support rights** to Los Angeles County.
- Are **not required to cooperate** to obtain financial support or to legally establish paternity.
- Are **not subject to child support penalties or sanctions**. Any past 25% noncooperation penalties or verbal refusal sanctions on your case **must be removed retroactively** back to the date your AU was placed in the K1/3F aid codes. No new penalties can be applied while your AU remains in K1/3F aid codes.
- Are **not required to complete** the Form CW 2.1 NA or Form CW 2.1 Q child support intake forms.
- Are **not required to forward** any direct child support payments received from the absent parent to CSSD; and your case will **not be referred** to CSSD.

Note: You are still encouraged to voluntarily seek child support services from CSSD. If you choose to voluntarily open a case, a \$25 annual administrative fee applies if your family has never previously received public assistance; this fee is waived if you received public aid in the past. You can voluntarily close your child support case at any time.

SECTION 3: CHILD SUPPORT INCOME, PASS-THROUGH, & REPORTING RULES

Direct Pass-Through & 100% Tax Exemption: Any current or arrearage child support collected by CSSD on behalf of your aided children must be passed through directly to your family. Unlike standard cases, this income will not be kept by the county to recoup CalWORKs welfare costs. Furthermore, any child support passed through to a family under the K1 or 3F aid codes is **entirely exempt from consideration as income or resources**. Your monthly CalWORKs cash grant will not be reduced by the support payments you receive.

No 'Unticking' of Time Clocks: In standard CalWORKs cases, collected support is kept by the county to reimburse the grant, which 'unticks' (restores) months on the adult's lifetime aid clock. Because K1/3F child support is passed directly to your family, it is not used as county reimbursement, and **no months will be 'unticked'** on your lifetime aid clock.

Undeliverable Payments (The 6 and 12-Month Rules): If a passed-through child support payment cannot be delivered to you (due to an expired paper check, incorrect mailing address, or no direct deposit on file) for **six months**, the funds will temporarily be used to reimburse CalWORKs. However, you have a **12-month window** immediately following that recoupment action (after the initial six months) to submit a direct claim to CSSD to recover your money. This claim must be filed directly by the participant and cannot be filed by a third party.

Income Reporting Threshold (IRT): Although unearned child support is completely exempt from cash aid grant calculations, you are still legally required to report the amount received if your household's combined monthly gross income (both earned and unearned child support) exceeds your established **Income Reporting Threshold (IRT)**.

SECTION 4: MEDI-CAL EXCEPTION & CLIENT ACKNOWLEDGEMENT

Medi-Cal Exception: While K1/3F safety net cases are completely exempt from financial child support cooperation, you are **not exempt** from Medical Support Enforcement (MSE) requirements if your family is also aided under Medi-Cal-only (MAGI or Non-MAGI) aid codes. In these cases, you must still comply with MSE rules, and you must be provided with and complete the Form CW 2.1 and CW 2.1 Q for medical support purposes only.

CHANGES TO THE CALWORKS CHILD SUPPORT DISREGARD/PASS-THROUGH RULES

FORM TEMP CW 2225 (10/20) — KEY POLICY IMPLEMENTATION NOTICE FOR EXEMPTIONS & CLOCKS

SECTION 1: STANDARD CALWORKS CHILD SUPPORT DISREGARD LEVELS (AB 79)

With the passage of Assembly Bill (AB) 79, California significantly increased the child support disregard levels to help low-income families achieve greater financial stability. Effective January 1, 2022, the amount of current child support paid by an absent parent that is 'passed through' directly to the family and disregarded as income for CalWORKs eligibility and grant calculations is:

- **Up to \$100 per month** for a CalWORKs family with **one child** living in the home.
- **Up to \$200 per month** for a CalWORKs family with **two or more children** living in the home.

Note: Any collected child support above these monthly limits (\$100/\$200) is kept by the county as public assistance reimbursement to offset the cost of your CalWORKs cash aid. This standard rule applies to all active, non-safety net CalWORKs cases.

SECTION 2: STANDARD CALWORKS MONTHLY TIME CLOCK 'UNTICKING' RULES

How the Aid Clock works: Under California law, adult recipients are limited to a lifetime maximum of **60 months of CalWORKs cash aid** (extended from 48 months to 60 months effective May 1, 2022 under AB 79). The county tracks this time using a monthly time-on-aid clock.

Repaying Aid to Reclaim Months: When an absent parent pays child support, and the county keeps those funds to reimburse itself for your family's CalWORKs grant, those funds are used to repay past months of cash aid. For every full monthly grant amount that is successfully repaid to the county through child support collections, the county will **'untick' (restore) one month** on your lifetime CalWORKs aid clock. This allows adult participants to regain eligible months of cash aid to support their family in the future.

SECTION 3: SAFETY NET (K1/3F) CASES VS. STANDARD CASES — AB 207 INTEGRATION

Under Assembly Bill (AB) 207, safety net families (K1 and 3F aid codes) have separate, highly protective child support and pass-through rules because the adult members have already been discontinued from aid after reaching their 60-month lifetime limit. The table below outlines the core regulatory differences:

Policy Dimension	Standard CalWORKs Cases	Safety Net (K1/3F) Cases
Child Support Cooperation	Mandatory cooperation with CSSD is required unless Good Cause is formally established. Non-cooperation results in 25% grant penalties or adult sanction (exclusion).	Complete exemption from child support cooperation, assigning support rights, and completing CW 2.1/CW 2.1Q forms. No sanctions or penalties can be applied.
Child Support Pass-Through & Collections	The family receives up to \$100 (one child) or up to \$200 (two or more children). All remaining collected support is retained by the county to recoup welfare costs.	100% of all current support and collected arrears are passed through directly to the family. The county retains \$0 of collected support for public aid recoupment.
Impact on CalWORKs Aid Grant	Pass-through support up to the \$100/\$200 disregard limit is exempt. Any child support above these limits is not passed through and does not affect the grant.	100% of all passed-through child support and arrears are completely exempt from income/resource considerations. Your CalWORKs grant is reduced by \$0.
Lifetime Time Clock 'Unticking'	Every full monthly cash aid grant amount that is repaid to the county through retained child support collections results in one month being 'unticked' (restored) on your clock.	Because all collected child support is passed directly to the family and is not kept by the county to reimburse aid, safety net families are ineligible to have months 'unticked' on their clocks.

SECTION 4: ARREARS PASS-THROUGH FOR FORMERLY ASSISTED CALWORKS FAMILIES

Arrears Pass-Through: Under AB 207, if your CalWORKs case has closed, and you are a formerly assisted family, any child support arrears collected by CSSD must be passed through directly to you and will not be kept by the county to recoup past welfare costs. This ensures that past child support debts go directly to support your children.

Undeliverable Payments: If an arrears payment is undeliverable to you for six months, those funds are used to reimburse CalWORKs. You

have a 12-month window immediately following that recoupment period to submit a direct claim to CSSD to recover your money. This request cannot be made by a third party.
